Dear Mark,

Many thanks for sending me a copy of your letter of 18 December to Kate Ellis.

Again I would appreciate a copy of any response you might receive from Ms Ellis.

I commend you on your continuing detailed and damning critique of Senator Conroy's internet censorship proposal.

The evidence continues to mount against the proposal.

I have publicly demanded that Senator Conroy's "live trial" be independently audited, in the absence of which no-one can have any confidence in its results.

Keep up the good work!

Kind regards

NICK MINCHIN
